

How do I place an ad?

The first thing you have to do is to register and create an account.

To register, simply fill in this form and wait for the confirmation email.

Once you have received your confirmation email, you will need to click on the activation link in the email to activate your account.

After activation, log in using your username/password.

Go to "my profile" and update all of your details.

Filling in all of your details here automates ad creation later by filling in many of the fields required for your ads. Click on the save button when you are done.

Click on "New Ad" to start creating your ad.

Select the category that you want your ad to be placed under.

You can then fill in all of the relevant fields of information.

Select up to three (3) images to upload (2mb maximum), and when you are ready, "save" your ad. Your images will be uploaded during the saving process. For more information about image sizes and formats, please [click here](#).

PLEASE NOTE: You need only submit your ad once. Your ad has to be screened before it will be made live to the public and will be available online within 24hrs.
